Coimbatore, Tamil Nadu

Professional Summary

Backend Developer with 1+ year of experience building production-grade **RESTful APIs** using **C#** and **ASP.NET Core Web API**. Proficient in **Entity Framework Core**, **SQL Server** query optimization, **JWT authentication**, and **Swagger/OpenAPI** documentation. Skilled in **N-Tier (Layered) Architecture**, **Dependency Injection**, and **SOLID** principles with hands-on exposure to **Amazon Web Services (AWS)** – EC2, S3, and Lambda – and **Azure DevOps** CI/CD pipelines.

Work Experience

Software Developer

Abaxys Technologies Pvt Ltd

2025 – Present

Chennai, India

- Engineered 3+ production-grade **RESTful APIs** using **C#** and **ASP.NET Core Web API** with **N-Tier (Layered) Architecture** and **Dependency Injection**, reducing inter-service integration effort by 30%.
- Optimized **SQL Server** queries, stored procedures, and **Entity Framework Core (EF Core)** data-access patterns using **LINQ**, improving average data-retrieval response time by 25% across backend services.
- Implemented **JWT (JSON Web Token)** authentication and role-based authorization **middleware**, and produced end-to-end **Swagger/OpenAPI** documentation covering 10+ endpoints, strengthening API security and reducing integration defects by 40%.

AWS Cloud Intern

Qtree Technologies

2024

Coimbatore, India

- Deployed and configured **Amazon Web Services (AWS)** solutions including **EC2** (compute), **S3** (object storage), and **Lambda** (serverless), gaining production-level experience in cloud infrastructure and backend deployment pipelines.
- Documented cloud architecture patterns and AWS service integrations, producing a structured reference guide adopted by the engineering team to accelerate onboarding for 5+ developers.

Skills

Languages: C#, SQL

Backend Frameworks & Libraries: ASP.NET Core Web API, Entity Framework Core (EF Core)

Architecture & Design: RESTful API Design, N-Tier (Layered) Architecture, SOLID Principles

Databases: SQL Server (MS SQL), Query Optimization, Stored Procedures

Cloud & DevOps: Amazon Web Services (AWS), Azure DevOps, CI/CD Pipelines

Tools: Git, Postman, Swagger/OpenAPI, Jira, Claude Code

Soft Skills: Team Collaboration, Problem Solving, Critical Thinking, Adaptability, Time Management

Projects

BudgetTrack – Budget Planning & Expense Management System

- Architected **ASP.NET Core Web API** backend with **N-Tier (Layered) Architecture**, **Dependency Injection**, and **JWT (JSON Web Token)** authentication with token rotation and **role-based access control** (Admin, Manager, Employee) securing all API endpoints.
- Designed **SQL Server** database schema with normalized tables, stored procedures, and **Entity Framework Core (EF Core)** data-access patterns using **LINQ**, supporting real-time budget utilization tracking and manager-gated expense approval workflows.
- Tech Stack: **Angular JS**, **ASP.NET Core Web API** Database: **SQL Server**

Foodiko – Food Ordering Platform

- Engineered **RESTful APIs** using **ASP.NET Core Web API** for order processing, user authentication, and invoice generation following **N-Tier (Layered) Architecture** and **SOLID** principles, with **JWT (JSON Web Token)** role-based authorization for customers, staff, and admin roles.
- Designed and optimized **SQL Server** database schema with normalized tables, indexed queries, and stored procedures, reducing order-processing response time and ensuring data integrity across all transactions; integrated **Angular JS** frontend consuming backend APIs.
- Tech Stack: **Angular JS**, **ASP.NET Core Web API** Database: **SQL Server**

Education

Sri Krishna College of Technology, Coimbatore

B.E. Electrical and Electronics Engineering

2021 – 2025

CGPA: 7.52

Achievements

- **Team Leader** – Led a team to the **Smart India Hackathon 2022** finals out of 1,000+ competing teams nationwide.
- **Head, Women Empowerment Associate** – **Google Developers Student Club (GDSC)**, driving community initiatives and technical outreach.

Languages

- **English** – Professional working proficiency
- **Tamil** – Native proficiency
