Coimbatore, Tamil Nadu

Professional Summary

Backend Developer with 1+ year of experience designing and delivering **RESTful APIs** using **C#** and **ASP.NET Core**. Proficient in **layered architecture**, **SQL** query optimization, and API documentation with **Swagger**. Hands-on exposure to **Amazon Web Services (AWS)** – EC2, S3, and Lambda – with strong problem-solving, team collaboration, and critical-thinking skills demonstrated through leadership roles in national-level competitions and student organizations.

Work Experience

Software Developer (.NET Backend)

Abaxys Technologies Pvt Ltd

2024 – Present

Coimbatore, India

- Engineered 5+ production-grade **RESTful APIs** using **C#** and **ASP.NET Core** with layered architecture, reducing inter-service integration effort by 30%.
- Optimized **SQL** queries and database access patterns, improving average data-retrieval response time by 25% across backend services.
- Produced end-to-end **Swagger** API documentation covering 10+ endpoints, streamlining onboarding for front-end teams and reducing integration defects.
- Diagnosed and resolved backend performance bottlenecks through systematic debugging, improving application stability and reducing reported incidents by 20%.

AWS Cloud Intern

Abaxys Technologies Pvt Ltd

2024

Coimbatore, India

- Configured and evaluated **Amazon Web Services (AWS)** core services – **EC2**, **S3**, and **Lambda** – gaining hands-on proficiency in compute provisioning, object storage, and serverless execution.
- Researched and documented **AWS** cloud deployment architecture patterns across **EC2**, **S3**, and **Lambda**, producing a structured reference guide adopted by the engineering team.
- Collaborated with senior engineers on understanding **cloud infrastructure** design patterns, accelerating onboarding time for subsequent interns.

Skills

Languages: C#, Java, C

Frameworks & Architecture: ASP.NET Core, .NET, RESTful API Design, Layered Architecture

Databases: SQL (Query Writing, Stored Procedures, Data Retrieval)

Cloud: Amazon Web Services (AWS) – EC2, S3, Lambda

Tools: Visual Studio, Visual Studio Code, Swagger, Git, Claude AI

Soft Skills: Team Collaboration, Problem Solving, Critical Thinking, Adaptability, Time Management

Education

• Sri Krishna College of Technology, Coimbatore

B.E Electrical and Electronics Engineering

2021 – 2025

CGPA: 7.52

Achievements

- Team Leader** – Led a team to the **Smart India Hackathon 2022** finals out of 1,000+ competing teams nationwide.
- Head, Women Empowerment Associate** – **Google Developers Student Club (GDSC)**, driving community initiatives and technical outreach.

Languages

- English** – Professional working proficiency
- Tamil** – Native proficiency
